

Lower Bowel Support

PRODUCT INFORMATION

WHAT IS LOWER BOWEL SUPPORT?

Lower Bowel Support works to heal and repair the intestinal tract lining, while at the same time, relieve cramping, spasms, and irritation of the intestinal tract and colon. It can be used by anyone who wishes to improve their intestinal health but it is especially helpful for those who suffer from I.B.S.

HOW IT WORKS

It is important for patients with I.B.S. to receive the nutrients required for the intestinal tract to function properly. The cells in the intestinal tract lining are replaced about two times weekly. Two main nutrients are necessary to rebuild the intestinal lining; L-Glutamine and N-acetyl glucosamine. Lower Bowel Support works to soothe and heal the damaged areas of the intestinal tract lining by providing the body with a therapeutic dose of L-Glutamine as well as N-Acetyl-Glucosamine. It also includes the ingredients Goldenseal Root, Ginger Root, and Turmeric to help reduce inflammation and also to help relieve symptoms such as painful cramping, spasms and irritation in the intestinal tract. The Chinese herbal blend in Lower Bowel Support works to soothe, calm, and provide support to the bowel. According to the Journal of the American Medical Association, this particular blend (used in a double blind study) was shown to be effective with IBS sufferers (1998).

DIRECTIONS FOR USE

Take 2 capsules in the morning on an empty stomach (30 minutes before eating) and 2 capsules in the evening on an empty stomach (3 hours after eating).

WHAT TO EXPECT

Lower Bowel Support provides relief from the symptoms of Irritable Bowel Syndrome. Those with severe symptoms may feel relief after the first few days, although it will take a longer period of time for long term relief. For those with mild to moderate symptoms, relief may take from a few days to a few weeks after starting the program.

SUPPORT PRODUCTS

Once symptoms have subsided and are under control, we suggest moving from Lower Bowel Support to our maintenance products; Intestinal Therapy and Intestinal Bowel Soother.

Intestinal Therapy is a therapeutic intestinal healing product. It helps to ensure that the intestinal tract lining continues to rebuild and repair itself regularly, while at the same time, reduces inflammation and irritation in the intestinal tract. It can be taken on an ongoing basis (1 scoop per day).

Intestinal Bowel Soother is for acute flare ups of IBS symptoms. Take 2 capsules per day when required, to alleviate the symptoms of IBS.

INGREDIENTS

Lower Bowel Support contains a mix of ingredients to support, heal and repair the intestinal tract lining, while at the same time, relieving cramping, spasms, and irritation of the intestinal tract and colon.

Repairs and Rebuilds the Intestinal Tract:

- ♦ L-Glutamine
 - ♦ increases intestinal villous height, stimulates mucosal cell growth in the intestinal tract, and helps to maintain the mucosal cell integrity.
- ♦ N-Acetyl Glucosamine
 - ♦ required for tissue repair mechanisms.

Anti-Inflammatory:

- ♦ Goldenseal Root
- ♦ Ginger Root
- ♦ Turmeric

Anti-Spasmodic:

- ♦ Ginger Root
- ♦ Goldenseal Root
- ♦ Turmeric

Anti-Microbial:

- ♦ Goldenseal Root
- ♦ Turmeric

Carminative (expels gas from the body and relieves flatulence):

- ♦ Ginger Root
- ♦ Turmeric

Enhance gastric & ileal movement (movement between the small and large intestine):

- ♦ Gamma Oryzanol

Demulcent (soothing):

- ♦ Marshmallow Root

Proprietary Chinese Herbal Blend - The Journal of American Medical Association found this particular blend of Chinese Herbs to be effective with IBS sufferers: (*Capillary Artemisia Herb (artemesia capillaris herba)/ Bai-zhu Atractylodes Root (Atractylodes macrocephala / rhizome)/ Codonopsis Root (Codonopsis pilosula, radix)/ Job's Tears Seed (Coix lacryma-jobi, semen)/ Schisandra Berry (Schisandra chinensis, fructus)/ Chinese Giant Hyssop Aerial Parts (Agastache rugosa, herba)/ Chinese Licorice Root (Glycyrrhiza uralensis, radix)/ Chinese Thoroughwax Root (Bupleurum chinense, radix)/ Ginger Root (Zingiber officinale, rhizome)/ Chinese Ash Branch Bark (Fraxinus chinensis, cortex)/ Magnolia Bark (Magnolia officinalis, cortex)/ Phellodendron bark (Phellodendron amurense, cortex)/ Poria (Poria cocos)/ Psyllium Seed (Plantago asiatica, semen)/ Chinese Goldthread Rhizome (Coptis chinensis, rhizome), Chinese Peony Root (Paeonia lactiflora, radix)/ Costus Root (Saussurea lappa, radix)/ Siler Root (Ledebouria seseloides, radix)/ Tangerine Peel (Citrus reticulata, pericarpium)/ Fragrant Angelica Root (Angelica dahurica, radix)*)

Each capsule contains

L-Glutamine	420mg
Goldenseal Root 4:1 Extract (Hydrastis canadensis)	190mg
Turmeric Root (Curcuma longa) 4:1 Extract	50mg
Ginger Root, Rhizome 4:1 Extract (Zingiber officinale)	25mg
N-Acetyl-D-Glucosamine	15mg
Gamma Oryzanol	10mg
Marigold Flower (Calendula officinalis)	1mg
Cranesbill Root (Geranium maculatum)	1mg
Marshmallow Root (Althaea officinalis)	1mg
Proprietary Chinese Herbal Blend	
Capillary Artemisia Herb	10mg
Capillary Artemisia Herb (Artemisia capillaris, herba)	10mg
Bai-zhu Atractylodes Root (Atractylodes macrocephala, rhizome)	7.1mg
Codonopsis Root (Codonopsis pilosula, radix)	5.5mg
Job's Tears Seed (Coix lacryma-jobi, semen)	5.5mg
Schisandra Berry (Schisandra chinensis, fructus)	5.5mg
Chinese Giant Hyssop Aerial Parts (Agastache rugosa, herba)	3.6mg
Chinese Licorice Root (Glycyrrhiza uralensis, radix)	3.6mg
Chinese Thoroughwax Root (Bupleurum chinense, radix)	3.6mg
Ginger Root, Rhizome (Zingiber officinale, rhizome)	3.6mg
Chinese Ash Branch Bark (Fraxinus chinensis, cortex)	3.6mg
Magnolia Bark (Magnolia officinalis, cortex)	3.6mg
Phellodendron Bark (Phellodendron amurense, cortex)	3.6mg
Poria Seed (Poria sclerotium)	3.6mg
Psyllium Seed (Plantago asiatica, semen)	3.6mg
Chinese Goldthread Rhizome (Coptis chinensis, rhizome)	2.4mg
Chinese Peony Root (Paeonia lactiflora, radix)	2.4mg
Costus Root (Saussurea lappa, radix)	2.4mg
Siler Root (Ledebouria seseloides, radix)	2.4mg
Tangerine Peel (Citrus reticulata, pericarpium)	2.4mg
Fragrant Angelica Root (Angelica dahurica, radix)	1.6mg

Other Ingredients: Vegetable capsules, vegetable cellulose

Excipients: None

Contains no dairy, wheat, gluten, soy, corn, yeast, additives or preservatives.

Warning: Discontinue use if abdominal pain, nausea, or vomiting occurs unless otherwise directed by a physician. Consult a health care practitioner if you have a history of gallstones, biliary tract obstructions, stomach ulcers, kidney disease, or are following a low protein diet. Consult your physician prior to use if you have a serious medical condition, high blood pressure or are taking blood thinning medications, sedative drugs, or barbiturates. Do not use if pregnant, breastfeeding, or are sensitive to the Asteraceae/Compositae family of plants (i.e. Marigold). Do not use prior to, or after recent surgery. Do not exceed recommended dose. Keep out of reach of children.
